Docket No.: W-02089A-06-0041  
Bradshaw Mountain View Water Company  
PO Box 10593

We have reviewed the Staff Report for Bradshaw Mountain View Water Company ("BMVWCO") dated June 26, 2006, and the recommended Opinion and Order of Administrative Law Judge Mark Stern dated July 6, 2006. They are recommending that the Arizona Corporation Commission approve rates of \$16 per month for a 5/8 by 3/4-inch meter, and \$18 per month for a 3/4-inch meter at the July 25, 2006 Open Meeting.

Although we are in agreement with Staff and Mr. Stern on most of the items pertaining to the rate case, BMVWCO is requesting that the monthly charges for the 5/8 by 3/4-inch meter, and the 3/4-inch meter size be the same amount. Based on the revenue requirement determined by Staff, both of these meter sizes could be \$17 per month to generate the necessary revenue.

The area that BMVWCO serves is a rural area without fire hydrants, and the fire flow requirements for homes with fire sprinklers is more than a 5/8-inch meter will provide. Therefore, we have standardized 3/4-inch meters for this system, and all new meters installed are 3/4-inch. In the past, the Commission has often approved rates that are generally the same for both of these sized meters, and we request that it is approved for this case.

Attached is a schedule of current and amended Staff proposed rates, with the 5/8 by 3/4-inch meter and the 3/4-inch meter changed to \$17.00 per month.

Thank you for your consideration.

Tim Kylo  
President
